### Belgard® Hardscapes Announces Exclusive Porcelain Pavers and Seating System Product Lines

**ATLANTA, June 29, 2015** – [Belgard® Hardscapes](http://Belgard.com), a leading provider of interlocking pavers, paving stone and wall products, is proud to introduce a collection of **Porcelain Pavers**, imported exclusively from Italy by Mirage, and **Gladiator Seating Systems for Belgard**. Adding to the company's versatile line of outdoor paving products, these offerings are exclusive to Belgard and made possible through collaborations with international hardscapes companies.

Belgard's new line of porcelain pavers offers authentic porcelain tile made and manufactured in Italy by Mirage for commercial and residential use. In addition to their impressive quality and durability, these pavers are easy to clean and resistant to stains, mold and moss. Porcelain pavers are simple to install and extremely versatile, with many styles available for use in creative walkways, contemporary pool surrounds and gorgeous patio areas. Belgard offers more than 15 different stone, wood and concrete finishes, as well as multiple tile shapes and sizes. For more information about this new line of pavers, visit [Belgard.com/porcelain](http://Belgard.com/porcelain).

Another addition to the company's product lines is Gladiator Seating Systems for Belgard, made in collaboration with Embankment Seating International in New Zealand. This seating system is modeled on the ancient construction method of placing shaped blocks one behind another, which allows for easy and quick installation. This new offering is suitable for parks and sporting venues with existing embankments, making it a cost-effective option. For more information about Gladiator Seating Systems for Belgard, visit [Belgard.com/X](http://Belgard.com/X).

"These partnerships represent Belgard's continued commitment to providing our customers with superior product platforms that support installing outdoor living projects," said Jackie Paulsen, marketing director of Belgard Hardscapes.

Furthering the company's commitment to better serving its community, Belgard proudly continues **Welcome Home**, a giving initiative with goal to raise \$100,000 for the USO to serve returning members of the military. The charitable program will run through Veteran's Day and offers many donation opportunities, including a contribution of \$100 for every new paving project installed. For more information, visit [belgard.com/home](http://belgard.com/home).
